

EVO ICL Appointment Timeline and Medications

- Dr. N. Timothy Peters performs surgery every Tuesday at Coastal Surgical Center.
- Dr. Jennifer Ling alternates her surgery days at Coastal Surgical Center on Wednesdays and Thursdays.
- Prior to surgery, you will be seen for an EVO consent visit; this can be done in office or via ZOOM.
- Remove your contact lenses the night before surgery, wear glasses to the surgery center.
- Coastal Surgical Center will reach out 1–2 weeks before surgery to review your medical history and collect their portion of the payment. They will also call the day before to confirm your arrival time.
- Clear Advantage will contact you 2-weeks prior to surgery to collect our portion of the surgery.
- You will receive an email two weeks before surgery with a list of your upcoming appointments, a reminder to pick up your medications, and the EVO digital consent form. Please complete the fillable consent form and return it by email or fax it to 603-501-5000.
- The Patient Bill of Rights is in the folder you received and does not need to be brought with you. No action is required other than acknowledging you received it.
- Expect to be at the surgery center for about 2 hours. Please arrange for a driver. After discharge, you will stop at Clear Advantage for a brief check, then go home to rest and avoid visual strain for the rest of the day.
- Follow up appointments will be scheduled at 1-day, 1-week, 1- month, 3-months and 1 year.

EVO ICL POST-OPERATIVE INSTRUCTIONS

1. Eye protection is recommended outdoors (sunglasses) and at bedtime for **1 week**. You will be provided with an eye shield to use for bedtime. Use your own discretion when indoors.
2. No restrictions on bathing, showering, washing hair or drying your hair.
3. **NO swimming** underwater for 3 weeks.
4. **NO eye makeup** for one week.
5. **YOU MAY** travel in an airplane, read, and watch T.V.
6. **YOU MAY** bend over to put on shoes, socks, or pick up things (DO NOT LIFT OVER 35lbs.)
7. **YOU MAY** sleep in any position.
8. Your vision may be good enough to drive as soon as the day after surgery. Ask your surgeon if you are not sure. Please be aware that your eye will likely stay dilated for 1 to 2 days after surgery.
9. Please refrain from any vigorous physical activity that might increase your chances of falling and hitting your "operated" eye (such as skiing, skating, tennis, etc.) for **1 WEEK**. It is okay for you to take a walk or play golf as long as you are wearing eye protection. If you are unsure, please ask.
10. It is not unusual to experience watering, a foreign body or a scratchy sensation for the first few weeks after surgery as the eye heals. It will improve with time. You can use lubricant eyedrops like artificial tears. You can use these up to four times a day. Please do not use lubricating drops 30 minutes before or after medicated eyedrops are used.

If you experience sudden intense pain or a dramatic change of vision,
PLEASE CALL THE OFFICE AS SOON AS POSSIBLE at 603-501-5000.

If it is after hours and you experience an ocular emergency, contact our on-call doctor
at **603-964-9192**.
